

**NEW NATIONAL STANDARDIZATION INITIATIVES  
NOTIFIED UNDER SUBSECTORS IN THE SCOPE OF CEN/CENELEC  
(May, 2018)**

| <b>№</b> | <b>Sector/ Subsector</b>   | <b>National Standardization Body</b> | <b>Document</b>             | <b>Title</b>   |
|----------|--|--------------------------------------|-----------------------------|--|
| 1        | <b>A11<br/>Security services</b>   | UNI-Italy                            | UNI1604538                  | Society and citizenship' safety - Unattended beaches - Beach safety  |
| 2        |  | TSE-Turkey                           |                             | Rules for student and personnel transport services   |
| 3        |  |                                      |                             | Work places – Consultancy services – The classification – General and specific rules   |
| 4        |  |                                      |                             | Work places- Rules for test centers of road vehicles   |
| 5        | <b>B01<br/>Fire protection</b>   | UNI-Italy                            | UNI1604567                  | Automatic fire detection and fire alarm systems – Pattern of unified acoustic fire alarm and pre-alarm signal  |
| 6        |  | UNMS SR-Slovakia                     | STN 26 8805                 | Powered industrial trucks. Basic requirements. Qualification provide   |
| 7        |  |                                      | STN 92 0205/Z1              | Fire behaviour of construction products and building constructions. Circuit integrity maintenance of cable systems. Requirements, testing, classification and application of test results. Amendment 1 |
| 8        | <b>B02<br/>Structures</b>  | UNMZ-Czech Republic                  |                             | Fire protection of buildings – Buildings for agricultural production   |
| 9        |  | SNV-Switzerland                      | prSIA 261/1                 | Actions on Structures – Supplementary Specifications   |
| 10       | <b>B03<br/>Concrete</b>  | TSE-Turkey                           |                             | Testing hardened concrete - Determination of length change of hardened cement mortar and concrete  |
| 11       | <b>B25<br/>Gas distribution<br/>installation and related<br/>equipment</b> | UNI-Italy                            | UNI1604419                  | Biomethane injection in the natural gas network  |
| 12       |  |                                      | UNI1604478                  | Gas pressure regulating installations for inlet pressure between 0,04 bar and 12 bar - Part 1: Pressure control surveillance   |
| 13       |  |                                      | UNI1604511                  | Operative instruction for periodic and random metrological inspections - Part 5: Gas meters with thermal mass flow meter   |
| 14       |  |                                      | UNI1604561                  | Gas infrastructures – Examples for the classification of hazardous areas according to CEI EN 60079-10-1  |
| 15       |  |                                      | UNI1604620                  | Gas odourisation for domestic and similar uses - Part 1: Terms and definitions   |
| 16       |  |                                      | UNI1604621                  | Gas odourisation for domestic and similar uses - Part 2: Requirements, check and management  |
| 17       |  |                                      | UNI1604622                  | Gas odourisation for domestic and similar uses - Part 3: Test procedures for olfactory characteristics of odorous fluids   |
| 18       |  |                                      | UNI1604623                  | Gas odourisation for domestic and similar uses - Part 4: Odorants requirements   |
| 19       | <b>B27<br/>Waterproofing materials</b>                                     | UNI-Italy                            | UNI1604643                  | Geosynthetic barriers - Structured polymeric geosynthetics made of high and medium density polyethylene - Characteristics and acceptance limits  |
| 20       |  |                                      | UNI1604644                  | Geosynthetic barriers - Clay geosynthetic barriers - Characteristics and acceptance limits   |
| 21       |  |                                      | UNI1604645                  | Geosynthetic barriers - Polymeric geosynthetics made of high and medium density polyethylene - Characteristics and acceptance limits   |
| 22       | <b>B32<br/>Precast concrete<br/>products</b>                               | NSAI-Ireland                         | I.S. 465:201x               | Concrete Block failure; Assessment, Testing and Categorization Protocol  |
| 23       |  | NBN-Belgium                          | NBN B 21-102:2012/prA1:2018 | Precast concrete products - Box culverts - National application document to NBN EN 14844+A2:2012   |
| 24       | <b>B33<br/>Building design</b>   | UNI-Italy                            | UNI1604512                  | Energy performance of buildings - Method for calculation of system energy requirements and system efficiencies – Electrical energy storage, Module M13.1   |

|    |   |                     |                          |  |
|----|---|---------------------|--------------------------|--|
| 25 | <b>B99<br/>Undetermined</b>                                     | NEN-Netherlands     | NPR 4057:2018 Concept nl | GHuidelines for daylight in buildings  |
| 26 |   | SNV-Switzerland     | prSIA 197/1              | Design of tunnels – Railway tunnels  |
| 27 | <b>C01<br/>Food products</b>                                    | DIN-Germany         | DIN 10541                | Food Hygiene - Milk vending machines - Hygiene requirements  |
| 28 |   | TSE-Turkey          |                          | Butter   |
| 29 |   |                     |                          | Canned pheasant kebab - Ready to serve   |
| 30 |   |                     |                          | Lemon sauce  |
| 31 |   |                     |                          | Peach Nectar   |
| 32 |   |                     |                          | Apricot Nectar   |
| 33 |   |                     |                          | Cocolin  |
| 34 |   |                     |                          | Canned a stew made of meat and vegetables- Ready to serve  |
| 35 | <b>C99<br/>Undetermined</b>                                     | DIN-Germany         | 01200631                 | Agitator vessels - Part 3: Position and sizes of cover nozzles for glass lined steel agitator vessels  |
| 36 |   |                     | 01200634                 | Connections for bottom discharge valves - Part 2: On glass lined steel; connecting dimensions PN 10  |
| 37 |   |                     | 01200652                 | Shaft end for agitators of carbon and stainless steel, for stuffing boxes; dimensions  |
| 38 |   |                     | 01200653                 | Pressure resistant circular sight glasses of soda-lime-glass without limitation in the range of low temperature                                |
| 39 |   |                     | 01200673                 | Flange joints for process vessels - Weld flanges for pressure vessels  |
| 40 | <b>F05<br/>Measuring instruments</b>                            | SIS-Sweden          | 143000                   | Thermal energy - Validation of measurement values  |
| 41 | <b>F07<br/>Documentation and information</b>                    | DIN-Germany         | 12102797                 | Tabular layouts of properties - Part 1: Concepts and principles  |
| 42 |   |                     | DIN 1451-1               | Typefaces - Sans Serif - Part 1: General   |
| 43 |   | NEN-Netherlands     | NPR 5326:2018 Concept nl | Quality assurance software development inside government   |
| 44 | <b>F14<br/>Graphical technology, sign-boards and nameplates</b> | DIN-Germany         | 01700038                 | Printing technology; printing plates for offset printing; make-ready and printing; terms   |
| 45 |   |                     | 01700039                 | Printing technology; terminology in reproduction technology  |
| 46 | <b>F15<br/>Material testing in general</b>                      | DIN-Germany         | 06235215                 | Non-conductive coatings - Non-destructive measurement of coating thickness - Terahertz measurement method                                      |
| 47 |   |                     | 06235265                 | Determination of linear change of solids by thermal effect using the dilatometer method - Part 4: Testing of fired heavy ceramic materials     |
| 48 |   |                     | 06235266                 | Determination of linear change of solids by thermal effect using the dilatometer method - Part 5: Testing of non-fired heavy ceramic materials |
| 49 |   |                     | 06235267                 | Determination of linear thermal expansion of solids - Part 2: Testing of fired fine ceramic materials using the dilatometer method             |
| 50 |   |                     | 06235268                 | Determination of linear thermal expansion of solids - Part 3: Testing of non-fired fine ceramic materials using the dilatometer method         |
| 51 |   |                     | 06235305                 | Testing of hard spots on plates  |
| 52 |   |                     | 06235377                 | Non-destructive testing - Thermographic testing - Lock-In thermography using optical excitation  |
| 53 | <b>H09<br/>Furniture</b>  | DIN-Germany         | 04200969                 | Wood preservation - Part 2: Preventive constructional measures in buildings  |
| 54 |   | UNMZ-Czech Republic |                          | Furniture - Bed furniture - Basic classification and dimensions  |
| 55 |   |                     |                          | Furniture - Chairs, sofas, and bench - Basic classification and dimensions   |

|    |  |               |                                     |  |
|----|--|---------------|-------------------------------------|--|
| 56 | <b>H18<br/>Central heating boilers</b>     | UNI-Italy     | UNI1604477                          | Premises intended for the positioning of steam boilers and/or super-heated water generators and ancillary equipment  |
| 57 |  | DIN-Germany   | 08201346                            | Thermal Energy Storage - Terminology and parameters  |
| 58 |  |               | 08201370                            | Couplings for railway- and truck containers; reducers adapting 5&lt;(hoch)1>/&lt;(Index)2> inch to nipples nominal size 80 and 100   |
| 59 |  |               | 08201410                            | Flanges for tank trucks; welding flanges for aluminium tubes   |
| 60 |  |               | 08201411                            | Flanges for tank trucks; plain welding flanges for steel tubes   |
| 61 |  |               | 08201412                            | Flanges for tank trucks; threaded flanges for couplings for tank trucks  |
| 62 |  | NBN-Belgium   | prNBN B 61-001:2018                 | Heating systems in buildings – Boiler rooms design - Total nominal heat output greater than or equal to 70 Kw  |
| 63 |  |               | prNBN B 61-002:2018                 | Heating systems in buildings – Boiler rooms design - Total nominal heat output less than 70 Kw   |
| 64 | <b>I02<br/>Fasteners</b>                   | DIN-Germany   | 06702306                            | Threaded fasteners - Axial load fatigue testing - Test methods and evaluation of results   |
| 65 | <b>I09<br/>Small tools</b>                 | TSE-Turkey    |                                     | Hand tools - Hammers (for general purpose)   |
| 66 |  |               |                                     | Hand tools - Mallets (for general purposes)  |
| 67 |  |               |                                     | Hand tools - Handles for hammers and mallets   |
| 68 | <b>I21<br/>Chains and chain wheels</b>     | DIN-Germany   | 06003862                            | Chain sprockets for roller chains as specified in DIN ISO 606 - dimensions   |
| 69 | <b>I31<br/>Valves</b>                      | UNE-Spain     | PNE 60718:2017/1M                   | Hand operated metallic ball valves, with or without flow and/or temperature limiter, for installations using gaseous fuels with a maximum operation pressure (MOP) up to 0,5 MPa (5 bar). Dimensions and locking systems |
| 70 | <b>M10<br/>Metallic coatings</b>           | DIN-Germany   | 01200632                            | Welding necks for glass lined vessels - Part 1: Form H main flanges for clamp screw connections - Connecting dimensions  |
| 71 |  |               | 01200633                            | Welding necks for glass lined vessels - Part 2: Form M manhole, handhole and assembly opening for clamp screw connections - Connecting dimensions  |
| 72 |  |               | 01200635                            | Glass lined steel baffles for agitator vessels - Mounting dimensions   |
| 73 |  |               | 01200636                            | Divided lapped flange for glass lined welding necks - PN 10  |
| 74 | <b>M15<br/>Metallic corrosion</b>          | UNI-Italy     | UNI1604447                          | Non-destructive testing - Techniques of investigation on the state of conservation of steel lighting columns and traffic lights  |
| 75 | <b>M16<br/>Mechanical tests for metals</b> | DIN-Germany   | 06235386                            | Tensile test without extensometer on foils and strips of aluminium and wrought aluminium alloys with a thickness up to 0,179 mm  |
| 76 | <b>M99<br/>Undetermined</b>                | DIN-Germany   | 06235375                            | Non-destructive testing - Electromagnetic detection - Part 1: Passive magnetics  |
| 77 |  |               | 06235376                            | Non-destructive testing - Electromagnetic detection - Part 2: Active electro-magnetic induction methods  |
| 78 | <b>N03<br/>Petroleum products</b>          | SIST-Slovenia | SIST EN 228:2012+A1:2017/oA101:2018 | Automotive fuels - Unleaded petrol - Requirements and test methods   |
| 79 |  |               | SIST EN 590:2013+A1:2017/oA101:2018 | Automotive fuels – Diesel – Requirements and test methods  |
| 80 |  |               | SIST EN 589:2008+A1:2012/oA101:2018 | Automotive fuels - LPG - Requirements and test methods   |
| 81 |  | DIN-Germany   | 06235387                            | Testing of lubricants - Determination of flow pressure of lubricating greases according to Kesternich method - Part 2: Automatic method  |
| 82 |  | TSE-Turkey    |                                     | Petroleum coke - Calsined - Determination of dust control material   |
| 83 |  |               |                                     | Petroleum coke - For industrial use  |

|    |  |                     |           |  |
|----|--|---------------------|-----------|--|
| 84 | <b>N10<br/>Cork</b>  | IPQ-Portugal        | prNP 4560 | Cork stoppers. Agglomerated cork stoppers with or without natural discs for sparkling, semi-sparkling wines and gasified drinks. Determination of moment of take-off and extraction strength |
| 85 |  |                     | prNP 4318 | Broken cork. Classification and characteristics  |
| 86 | <b>S07<br/>Anaesthetic and<br/>respiratory equipment</b>             | DIN-Germany         | 05300421  | Supply systems for medical gases - Part 2: Dimensions and allocation of probes and gasspecific connection points for terminal units  |
| 87 | <b>S18<br/>Sterilization of equipment</b>                            | DIN-Germany         | 06301896  | Sterilization - Sterile supply - Part 8: Logistics of sterile medical devices  |
| 88 | <b>S20<br/>Waste collection,<br/>handling and<br/>transportation</b> | DIN-Germany         | 05100853  | Mobile waste and recycling container - Waste and recycling containers with two wheels with a capacity from 60 l to 360 l for diamond lifting devices   |
| 89 | <b>T14<br/>Packaging</b>   | DIN-Germany         | 11501229  | Packaging - Transport packaging for dangerous goods - Chemical compatibility of polyethylene and coextruded plastic packagings   |
| 90 |  |                     | 11501230  | Pallets; timber four-way-flat pallets; 800 mm x 600 mm   |
| 91 |  | DIN-Germany         | 11501231  | Transportation chain; pallets; four way timber perimeter-base pallets; 1000 mm x 1200 mm; brewery pallets  |
| 92 | <b>W27<br/>ELECTRICAL<br/>INSTALLATIONS IN<br/>BUILDINGS</b>         | DIN-Germany         | 00518304  | Electrical installations in residential buildings - Part 1: Planning principles  |
| 93 | <b>Z99<br/>UNDETERMINED</b>  | UNMZ-Czech Republic |           | Information technology - Country Verification Certification Authority - Key Management Protocol Specification  |
